

HÉRISSON MALIN merlot - reuse

To further our ecological transition, we have packaged this wine in a reusable bottle. Once empty, the bottle is collected from the shops, then washed before being reused. This circular economy respects all hygiene standards and guarantees the sanitary quality.

ORIGINS & TERROIRS

Merlot

Appellation: Vin de France

Label: organic wine - certified by Ecocert

Average yield: 80 hl/Ha

The vines are located between Béziers and Nîmes, this extended area offers a large diversity of terroirs (clay-limestone soils, stony terrasses, rolled pebbles).

VINIFICATION & AGEING

Night harvest. Upon receipt, destemming and crushing, cold pre-fermentation maceration in temperature-controlled stainless-steel vats to extract colour and aromatic precursors. Fermentation with temperature control (20-25°C), gentle pumping over and racking. Short vatting. Running off and pressing of the marc, assembly of drops and presses, malolactic fermentation. No fining, aging in vats.

TASTING NOTES
